MOUTH PIECE

FISTFUL OF FINGERS

Dear Marie,

One night back in June at our neighbours' barbecue, I got so drunk, I smuggled their eldest son into the shed at the bottom of the garden and let him pleasure himself between my big, bare breasts. I felt incredibly naughty, kneeling there on the mucky floor having my cleavage interfered with by his big, dribbling dick, and when he lubricated my right nipple with spit and squeezed it into his knob-slit, I got so worked up, I put my hand up my skirt and started to frig.

Of course, if there's one sight guaranteed to stir a man into action, it's that of a mature lady fucking herself with a whole fistful of fingers, so it came as no surprise to me that Aidan asked me to get up off the floor and sit on the bench.

"Christ, you don't half look good with your fingers up you!" he drooled.

"Shut up and suck my tits," I said, "Or don't you think a forty-two inch bust is worthy of it?"

Just when I was starting to enjoy myself (and looking forward to a cuntful of stiffy), the ignorant little git spermed over the back of my hand. Disappointed, I put my knickers back on and stumbled out of the shed - straight into the arms of my husband.

God, you should have heard the language when he discovered I'd been with Bill and Nora's boy! He dragged me into the bushes, held me over his knee and gave me the spanking I so thoroughly deserved for letting the side down. But before I had time rub my bum better, he had second thoughts, making me kneel in the wet grass in order to receive a severe hands-and-kneesies shagging.

"Maybe we should lay off oral sex for a while"

Keep up the good work with **Big Ones**. It's so good to compare notes with other busty ladies!

Jan,
Colchester.

MOUTH PIECE

RON THE ROOFER

Dear Marie,

It's never an ideal arrangement, having builders working on your house while you're still in residence,

*"...fantasies of
stiff-pricked builders
encircling my bed"*

but considering my husband was out of the country on business, leaving me literally surrounded by big, hunky bricklayers and roofers... I wasn't complaining! Night after night I'd lie in bed, oiling my pussy and my forty-two inch breasts with Johnson's Baby Oil, masturbating to the point of frenzy on wild fantasies of bare, stiff-pricked builders encircling my bed, pawing my big, pendulous boobies while I performed oral sex en masse.

Little did I know that my fantasies would eventually become reality - hence this letter to my favourite big boob magazine. Although I didn't fuck and suck the entire workforce, I overheard a conversation one morning which really made me gush. The two lads who were laying floor tiles on the back patio were discussing the sexual habits of Ron, the guv'nor of the roofing team. Ron, if they were to be believed, had a prick on him the size of a donkey's, and the women flocked to receive his favours.

*"...a trickle of
love-juice meandered
from my gash"*

As pick-ups go, mine was a very clumsy one. As big, blond Ronnie was loading his tools into the back of his van on Friday evening, I asked him if he fancied doing a 'private job'

for me on Sunday morning.

"What sort of job?" he smiled, sensing the naughtiness in my tone.

"Oh... something which needs seeing to," I said, blushing like crazy "Really urgently, in fact."

To my delight, he arrived at the house as per my instructions, ten o'clock sharp, Sunday morning. Wearing my most cleavage-revealing

nightie, I sat him down at the kitchen table and made him coffee. He couldn't keep his eyes off me.

Shamelessly, I sat on his lap - and the thrill I got when he coarsely ripped my shoulder straps down around my bare, jutting boobs and buried his face in my cleavage made me gush so copiously, a trickle of love-juice meandered from my gash, all the way down to my stocking tops, my black, silk, Dior stocking tops.

"I hear you're rather large down here," I panted, as we kissed. Ron took my hand and clamped it to his

**PLUMPTIOUS
PAT WYNN...**

groin. It was incredible - as though he'd stuck a length of salami down his jeans to amuse his pals out on a stag night together.

throbbing and twitching its way to yet more impressive dimensions, even as I fondled it.

"Let's go to bed," I whispered,

lubricate it for you."

Ron wasn't merely freakishly endowed - he was a complete animal. Kneeling astride my slender waist, he grabbed my big, hefty bosoms by the nipples and rammed his Vaseline-lubricated cock deep into my cleavage. We looked so good together - so fucking good together - I reached for the Vaseline on the bedside table and massaged an obscenely large dollop into my cunny.

"I'll do that for you," Ronnie panted, reaching behind his back for my neglected cunt. "How does three fingers suit you?"

***"...he rammed his vaseline-lubricated
cock deep into my cleavage"***

But this was no crude joke. He unbuckled his belt, opened his zip and flipped his cock out, at least ten inches of veinous, wrist-thick gristle,

running my fingers through his greasy locks as he sucked my nipples. "I want to be a total whore for you. Will you start by fucking my cleavage? I'll

***"Keep that bloody
thing up me
until I tell you
otherwise!"***

"Nice," I purred, "but I'd be much more interested in your cock."

And he obliged - the dirty sod! Bundling me into the doggie-position, he grabbed two huge handfuls of tit from the rear and sluiced his disgusting great dick right up my cunt with calculated aggression. The sheer size of him pulled my clit out of hiding and chafed her into a state of such intense arousal, I dug my nails into the sheets and let out an impassioned howl.

"Keep that bloody thing up me until I tell you otherwise!" I gasped. "Well don't just stir it around up there - get fucking!"

Just as I hoped he would - and dreamed he would, in my frustrated nights of masturbation - Ron clung to my big, tender boobies as he worked himself up to his short strokes. With my nipples swollen with lust, he pumped what felt like an egg cup-full of spunk deep into my innards, and collapsed, exhausted, on top of me, his knob nudging the neck of my womb and my poor, ravaged nipples still protruding between his calloused fingers.

Big, blond Ron the rooler came to the house and fucked me every single night up to my husband's return from Brussels.

Guilty? Not a bit of it - and you can rest assured I've got the best damned roof in Guildford!

Paula,
Guildford.

POOR LITTLE SODS!

Dear Marie,

When the governor of an approved school phoned to ask me if I'd consider renting my barn for use as an overnight stopover point for some of his lads on an Award Scheme, I saw no reason to turn him down. So long as they were well supervised and left no rubbish, what harm could come of it?

The party arrived at ten the following night and my wife took them a tray of sandwiches and a flask of coffee. The smile on her face when she returned to the farmhouse spread from Exeter to Honiton.

"What are you looking so bloody smug about?" I asked, looking up from my dinner.

"They couldn't keep their eyes off my boobs!" she giggled. "Poor little sods - just think of them lying in their sleeping bags, wanking themselves silly over me. They can't have seen a woman for years, some of them."

I know my wife like the back of my hand, so when - at four in the morning - I fumbled in the dark for a

glass of water, it came as no surprise to find her missing. And no prizes for guessing her whereabouts...

I should explain at this point that my wife and I have an open-ended relationship. If I take up with one of the village girls, for example, Shirley turns a blind eye - so long as I return to the fold. Likewise, if she takes a

*"I saw her big, plump
arse wobbling"*

shine to one of the ne'er-do-wells down at the Duke's Head and lets him play rugger with her forty-two inch bristols, I don't reach for the shotgun.

I put my dressing gown and slippers on and headed across the yard to the barn. I could see from the glow of a hurricane lamp, something was up, and as I climbed the ladder to the loft, something was up, sure enough - the borstal boys' master up my wife's cunny in the all-fours position!

Those dirty little gits couldn't keep their hands off their pricks! They knelt

on their sleeping bags tossing themselves cross-eyed over my wife's bobbing, swaying boobies - and her big, plump arse wobbling from the crazed pumping of the teacher's prick.

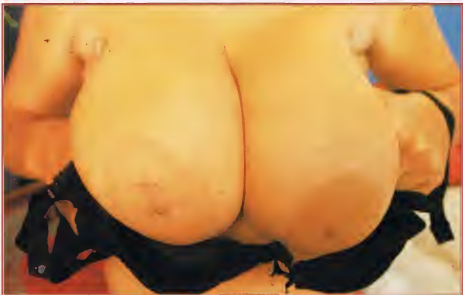

Standing there at the top of the ladder, I felt my cock swell to erection as a couple of the approved school lads dropped their pyjama trousers and knelt either side of my missus, fondling her wobblers and thrusting their rampant pricks into her not-unwilling mouth.

And to think that this gorgeous big strapping whore with the Cheshire cat grin on her face and cum dribbling down her chin was my wife! It was such a groin-stirring spectacle, I couldn't resist the temptation of freeing my cock and masturbating. Just you wait till you get back to bed, Madam, I thought to myself. I'll shag you from here to fucking Cornwall!

Never mind the saucy bitch was dripping with male fluids when she sneaked back to bed, unaware that I'd been party to her capers. I pulled back the covers and mounted her like a stallion, all but busting her honeypot with my powerful thrusts.

Ladies, who needs 'em? Give me a big-titted, cock-happy, sexually perverted country girl any time!

H.E.,
Honiton.

MOUTH PIECE

INTO HARDCORE

Dear Marie,

I dare say it sounds naive of me, but I never knew there was a direct link between the 'harmless' world of topless modelling and the hard-core pornography industry. I found out the hard way, so I'm sure that - with the added titillation of my forty-four inch bust measurement - your readers would love to wallow in the sordid details of my sorry (well, fairly!) tale.

Being ultra-busty, I jumped at the chance to audition for a national newspaper when they advertised for talent in our local Brighton newspaper. Six girls, myself included, were selected, and I had no qualms about shedding my bra for the photographer for a series of test shots. The only thing which spooked me somewhat was the presence of

his friend, a weird-looking guy clad from head to toe in black leather, with tattoos and an earring. There was no logical explanation for his presence, and the way he stared at me, I found really unsettling.

"I wondered if I would be able to accommodate a really huge cock"

Well, after we all posed together on Brighton seafront for a publicity shot, the photographer took me aside and asked me if I was prepared to "do the business." He'd asked the other girls, he informed me, only one of whom had turned him down.

"What do you mean, 'do the business'?" I asked him, suspiciously.

"You know, open-crotch videos," he said. "And maybe with a fella, if you're after serious money."

Like I say, it really shocked me that a 'respectable' national newspaper could be so closely linked to real filth.

I was keen to find out more before making a decision.

"If I agree to go with a fella for money," I said, "are we talking about your mate in the black leather?"

The photographer grinned and nodded. "He's really into big tits," he assured me, "He's a professional porn video stud with a prick

"I think she ordered a Big Mac!"

like a baseball bat - he'd make you come like you've never come before."

I was shaken and confused. Much as I adored sex with my boyfriend, the idea of doing it with a stranger frightened me. Would I be able to accommodate a really huge cock? Shame on me for even contemplating such a low-life proposition...

"Maybe I can tempt you," said the photographer, and he pulled a huge wad of twenty pound notes from his pocket. "Four hundred quid up front, six hundred on completion."

For a girl out of work since the day she left college, it was an offer I couldn't refuse.

"...my sex-stud was erect and wearing a black, spiked condom!"

Three days later I met up with the photographer and his leatherclad crony at a converted aircraft hangar on the Sussex downs. There, on a hastily erected set consisting of an old oak four-poster bed on top of boarded-over scaffolding, I was asked to change into black stockings and high-heeled black patent shoes and to massage my big breasts in front of the camera. So far, so good - I even managed to coax my nipples into tumescence.

But when kinky Brian, the sex-stud, dropped his dressing gown and

"Have you ever wondered what my cunt looks like, Benson?"

hopped on the set to reveal himself, not simply naked and erect, but wearing a black, spiked condom, I felt sick. Relishing in my unease, he caressed my big, dangling breasts. Then, making me kneel in profile to the camera, he stood in front of me and made me masturbate him into my cleavage. The grotesque condom slithered up and down as I wanked, making him groan with pleasure and reel-off all the dirty things he was about to do to me. The filthiest things imaginable - so filthy, only the

"He sucked and pampered my big boobs like a hungry baby"

prospect of that lovely spending loot kept me from grabbing my clothes and doing a runner.

He lay on his back on the old

wooden bed and had me squat astride his huge, rubberclad cock with my back to the camera. Knowing full well what was expected of me, I reached down and guided his knob between my labia and into my (artificially-lubricated)

cunt. The view through the cam-corder viewfinder must have been totally obscene - my arse completely exposed and my cunny stretched to the limit by his thick, ten-inch erection. But all my stud was really interested in was coming to terms with my big, swaying boobs, which he sucked and pampered like a big, hungry baby until my nipples had swollen to the size of overripe strawberries.

The rubber spikes on the French tickler drove me out of my mind with lust, mercifully. I know that sounds like a paradox, but it was the sheer, animal lust of having that massive, pumping prick up my cunt which saw me through that hour-

long session; saw me through it on the crest of an all-time sexual high, enabling me to switch my mind off to the otherwise agonising humiliation of indulging in perverted sex in front of a cameraman and no fewer than four technicians!

In hindsight, I was obviously had - good and proper! A thousand pounds is a lot of money, but compared to the tens of thousands those bastards surely accrued from overseas sales, a mere drop in the ocean.

If, like me, your lady readers are over-endowed up-top, think long and hard before whipping 'em out for the gentlemen of the press. They'll _____ all over you.

Glenda,
Brighton.

"I know you're a famous racing driver... but do you have to have a pit-stop to change condoms?"

"Your secretary really knows how to entertain new clients!"

MOUTH PIECE

CARRY-ON CLIPPIE!

Dear Marie,

In the early Sixties when I was at college in Bristol, black people weren't so much a rarity, as a novelty. So when this gorgeous black bus conductor arrived on the scene, working the route from the college and back to the town centre, he aroused quite a lot of interest from my girlfriends and me - most of it, of a prurient nature!

In those far-off days, modern jazz was the 'cool' scene, and having a black boyfriend, an incredible status symbol - especially if he played the sax! Jamaican Earl - our hunky bus conductor - was no jazzier, but he certainly had the looks, and my friend Jackie and I fancied the pants off him.

What gave us a definite advantage over the other college girls was that, between us, we had over eighty

inches of bust. The fashion look in those days was tight, off-the-shoulder angora sweaters, as worn by Rita Moreno and Juliette Greco. Not the most subtle attire, however, for a girl with a forty-something bust!

Between us, Jackie and I plotted Earl's seduction. On Saturday nights

"...only my lust-swollen nipples stopped my sweater from dropping!"

he worked a different route - Fishponds to Keynsham - and we got on at the second stop. We found to our delight that we were the only passengers. Feeling really happy and horny as a result of having spent the entire evening in the pub, we went upstairs, our flared skirts surely revealing to the hunky black clippie that we were 'stockinged-up'.

When the bus headed out into the sticks and Earl came up to collect our fares, we made our move. I lowered my angora sweater so low over my heaving bosoms, all that was keeping it from dropping down around my waist were my lust-swollen nipples!

"Are you ladies trying to tell me something?" said Earl, beads of sweat breaking out on his brow. Jackie - seated the other side of the aisle, said nothing and reached for his files, which she undid one by one with exaggerated elegance.

When she

"Don't worry about air. I'll breathe for both of us!"

pulled his regulation blue trousers open, his enormous black prick literally sprang to attention. As if consumed by lust, Jackie grabbed it by the root and crammed as much as she was able into her mouth and, rather comically, Earl's trousers collapsed around his ankles.

My big tits finally freed from my bra, I left my seat, knelt on the dirty bus floor and - motivated more by sexual curiosity than consuming lust - masturbated the bus conductor's giant dick into my college friends' mouth. All Earl could do was groan and hang on tightly to the chromed seat as we teased him, tickled him, taunted him, tormented him... and finally fucked his balls dry on the back seat.

Considering we were scarcely out of our teens, Jackie and I behaved with breathtaking obscenity, frigging each other while Earl's big, hot dick was belly-deep and encouraging him to stroke our big, bobbing boobs while he sweated away.

It was into Jackie's twat that he unloaded. I was so slutishly jealous, no sooner had he withdrawn his slimy black organ, I went down on her and lapped the cum from her slot - every last, loving drop.

Even now, thirty years on, I still get a sexual twitch thinking back to that hot, lusty night with my girlfriend Jackie and the black clippie - a case of 'all aboard', if ever I heard one!

Katie,
Monmouth

The Ultimate Videos to collect from **Men's Collection**

HOLLYWOOD EROTICA
Hollywood's most erotic performers come together, including "Erotic Stripper 1991" Gina Wild to create the most stimulating visual moves put onto film. Designed to make more than your heart throb, as Leslie, Diane and Julie turn every situation into a voyeuristic delight.

HOLLYWOOD DESIRES
Whatever you desire... it's here, switch on, tune in and turn onto Hollywood Desires. Hotter, firmer, and dirtier than ever before, this is one line up of gizzies that will tease you beyond your control. They're irresistible as they stealthily fondle more than just the bakes they ride.

HOLLYWOOD DREAMS
No longer is there any need for your imagination to run riot... because now it's all on screen before you. Picture girls so explicit they defy description, put them all together, undress them, watch them writhe and you've got it! Feel it, as your dreams come alive to make your imagination redundant.

HOLLYWOOD FANTASIES
Hollywood's most luscious ladies, expose their most erotic fantasies. "Rock Hard" will certainly be re-defined, as you watch one of our busty beauties mounting the cliff face. Trussed up in leather, she knows how to get to her peak, so will you. Daydreams have never been so wild.
